

Utah State Transportation Options

Zimride
This money- saving, air quality-enhancing carpool service uses social networks to match rides one time or everyday. Over 5000 USU students and employees have joined. Match a ride.
zimride.com/usu

Carshare
Enterprise offers 24-hour self-serve car access by the hour at USU. Register online, and pick up the car on campus. It's great for around town and to destinations farther away too!
enterprise-carshare.com/usu

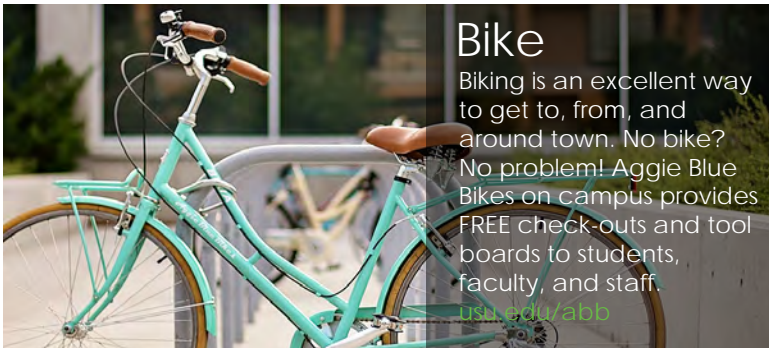

CVTD
Logan's fare free bus service, winner of the 2015 Urban Transit System of the Year Award, is an easy way to get from campus to locations around Cache Valley
cvtdbus.org

Aggie Shuttle
Aggie Shuttle is a fare-free service provided to the USU community. Natural gas buses provide over 1.2 million quick, convenient, rides per year. Buses are even available to charter.

Distance Travel
If you are heading out of Cache Valley, these options can help.

- USU motor pool has hybrids, minivans, and mini buses in their fleet for rent.
- Aggie Shuttles are available to charter.
- Zimride rideshare is available to carpool on one-time trips.
- Private shuttles run routes from Logan to the Salt Lake Airport and Wasatch Front

Bike
Biking is an excellent way to get to, from, and around town. No bike? No problem! Aggie Blue Bikes on campus provides FREE check-outs and tool boards to students, faculty, and staff.

Offset your trip or commute locally
Your contribution to the USU offset fund supports transportation options & clean air.

Commuter Club
If you use these options three or more days per week, you may qualify for Aggie Commuter Club benefits. The Commuter Club encourages and incentivizes low-carbon transportation for faculty, staff, and students who commit to commuting by walking, cycling, carpooling, bussing, or other low-carbon alternatives to a single occupancy vehicle. Benefits includes an emergency ride home, carshare credit, access to Club bicycles, and prize drawings.
